

Silikal America

Silikal Naturals Sealed Stonescapes

a natural setting for native stone

Expect more from your floor.

Silikal Naturals,
the natural
outdoor surfer.

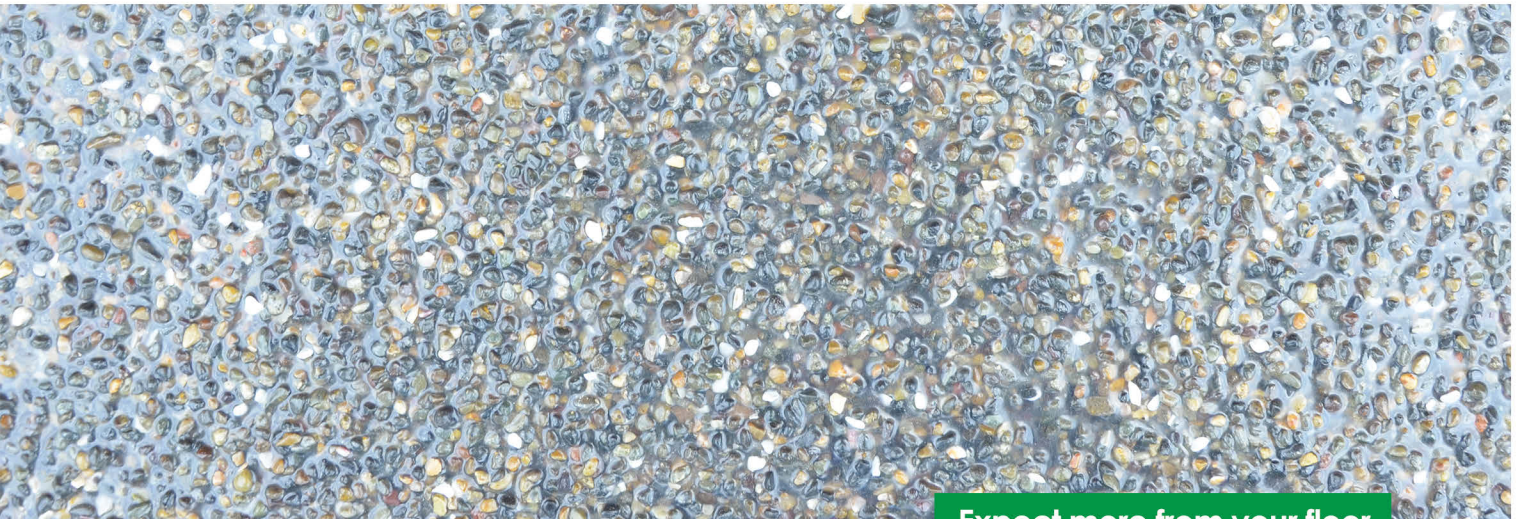

Silikal Naturals offer the classic look of rustic terrazzo in an altogether new setting.

Silikal's reactive resin floor technology provides an outdoor surfer that will withstand the effects of local climate change and maintain its natural beauty and integrity through sun, rain, sleet or snow.

These are not your traditional hardscapes

Silikal Naturals lend native elegance to foyers, courtyards, patios or pool decks and provide designed durability for highly trafficked ramps, walkways and driveways. The naturally textured, sealed stonescape is easy to maintain and will maintain its naturally designed slip resistance for years to come.
