1: Identification

- · 1.1 Product identifier
- Trade name: SILIKAL RU 320
- · Article number: RU 320
- · Application of the substance / the preparation: Reaction resin Polyurethane resin
- 1.3 Details of the supplier of the safety data sheet
- · Manufacturer/Supplier: Silikal America 609-B Fertilla Street Carrollton, GA 30117 Tel.: 770.830.1404 Fax.: 777.830.9213 info@silikalamerica.com

· Information department: Silikal America 1.4 Emergency telephone number: INFOTRAC 1-800-535-5053

2: Hazard(s) identification

 2.1 Classification of the substance or mixture Classification according to Regulation (EC) No 1272/2008 Flam. Lig. 2 H225 Highly flammable liquid and vapor. Skin Irrit. 2 H315 Causes skin irritation. Skin Sens. 1 H317 May cause an allergic skin reaction. STOT SE 3 H335 May cause respiratory irritation. _____ · 2.2 Label elements Labelling according to Regulation (EC) No 1272/2008 The product is classified and labeled according to the CLP regulation. Hazard pictograms GHS02 GHS07 · Signal word Danger · Hazard-determining components of labeling: 2-ethylhexyl acrylate methyl methacrylate Hazard statements H225 Highly flammable liquid and vapor. H315 Causes skin irritation. H317 May cause an allergic skin reaction. H335 May cause respiratory irritation. **Precautionary statements** P210 Keep away from heat/sparks/open flames/hot surfaces. No smoking. P261 Avoid breathing dust/fume/gas/mist/vapors/spray P280 Wear protective gloves / eye protection / face protection. P302+P352 IF ON SKIN: Wash with plenty of water. P403+P233 Store in a well-ventilated place. Keep container tightly closed. P501 Dispose of contents/container in accordance with local/regional/national/international regulations.

Additional information. For the wording of the listed because phones refer to eastion	10

Additional information: For the wording of the listed hazard phrases refer to section 16.

4: First-aid measures

· 4.1 Description of first aid measures

· General information: Immediately remove any clothing soiled by the product.

- · After inhalation: Supply fresh air and to be sure call for a doctor.
- After skin contact: Immediately wash with water and soap and rinse thoroughly.
- · After eve contact:
- Rinse opened eye for several minutes under running water. Then consult a doctor.
- After swallowing: Drink copious amounts of water and provide fresh air. Immediately call a doctor.
- · 4.2 Most important symptoms and effects, both acute and delayed No further relevant information available.

· 4.3 Indication of any immediate medical attention and special treatment needed No further relevant information available.

5: Fire-fighting measures

· 5.1 Extinguishing media

· Suitable extinguishing agents:

Foam

Sand

CO2, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam.

· For safety reasons unsuitable extinguishing agents: Water with full jet

· 5.2 Special hazards arising from the substance or mixture

Exothermic polymerization.

Trade name: SILIKAL RU 320

In case of fire, the following can be released: Hydrocarbons Carbon monoxide and carbon dioxide Nitrogen oxides (NOx)

· 5.3 Advice for firefighters

· Protective equipment: Wear self-contained respiratory protective device.

· Additional information Cool endangered receptacles with water spray.

6: Accidental release measures

• 6.1 Personal precautions, protective equipment and emergency procedures Ensure adequate ventilation Wear protective clothing.

Keep away from ignition sources

Use respiratory protective device against the effects of fumes/dust/aerosol.

 \cdot 6.2 Environmental precautions: Do not allow to enter sewers/ surface or ground water.

 6.3 Methods and material for containment and cleaning up: Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Ensure adequate ventilation. Do not flush with water or aqueous cleansing agents

6.4 Reference to other sections
 See Section 7 for information on safe handling.
 See Section 8 for information on personal protection equipment.
 See Section 13 for disposal information.

7: Handling and storage

• 7.1 Precautions for safe handling Ensure good ventilation/exhaustion at the workplace.

· Information about protection against explosions and fires:

Keep ignition sources away - Do not smoke.

Protect against electrostatic charges.

Fumes can combine with air to form an explosive mixture.

· 7.2 Conditions for safe storage, including any incompatibilities

· Storage:

· Requirements to be met by storerooms and receptacles:

Store only in the original receptacle.

Store in cool, dry conditions in well sealed receptacles.

Do not allow to enter sewers/ surface or ground water.

· Information about storage in one common storage facility: Not required.

• Further information about storage conditions:

Store receptacle in a well ventilated area. Protect from heat and direct sunlight.

· Maximum storage temperature: 25 °C

• 7.3 Specific end use(s) No further relevant information available.

8: Exposure controls/personal protection

• Additional information about design of technical systems: No further data; see item 7.

· 8.1 Control parameters

· Components with limit values that require monitoring at the workplace:

80-62-6 methyl methacrylate

PEL Long-term value: 410 mg/m³, 100 ppm

10: Stability and reactivity

· 10.1 Reactivity No further relevant information available.

- · 10.2 Chemical stability
- Thermal decomposition / conditions to be avoided:

Keep away from heat and direct sunlight.

- No decomposition if used according to specifications.
- 10.3 Possibility of hazardous reactions Exothermic polymerization.
- 10.4 Conditions to avoid No further relevant information available.
- 10.5 Incompatible materials: Reacts with peroxides and other radical forming substances.
- 10.6 Hazardous decomposition products:
- Hydrocarbons

Carbon monoxide and carbon dioxide

· Additional information: Do not allow to enter sewers/ surface or ground water.

11: Toxicological information

- · 11.1 Information on toxicological effects
- · Acute toxicity: Based on available data, the classification criteria are not met.
- Primary irritant effect:
- · on the skin:
- Causes skin irritation.
- · on the eye: Based on available data, the classification criteria are not met.

- General notes:

Water hazard class 1 (Self-assessment): slightly hazardous for water

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

- 12.5 Results of PBT and vPvB assessment
- · **PBT:** Not applicable.
- · vPvB: Not applicable.
- · 12.6 Other adverse effects No further relevant information available.

13: Disposal considerations

· 13.1 Waste treatment methods

· Recommendation:

Must not be disposed of together with household garbage. Do not allow product to reach sewage system.

Must be specially treated adhering to official regulations.

· Uncleaned packagings:

· Recommendation:

Packaging can be reused or recycled after cleaning.

Packagings that cannot be cleansed are to be disposed of in the same manner as the product. Disposal must be made according to official regulations.

· Recommended cleansing agent: Acetone, ethylacetate
