

Printing date 03/01/2022

1: Identification

- · 1.1 Product identifier
- · Trade name: SILIKAL R 51
- · Article number: R 51
- · Application of the substance / the preparation: Reaction resin
- · 1.3 Details of the supplier of the safety data sheet
- Manufacturer/Supplier: Silikal America 609-B Fertilla Street Carrolton, GA 30117 Tel.: 770.830.1404 Fax.: 777.830.9213 info@silikalamerica.com
- Information department: Silikal America
 1.4 Emergency telephone number: INFOTRAC 1-800-535-5053

2: Hazard(s) identification

· 2.1 Classification of the substance or mixture

- Classification according to Regulation (EC) No 1272/2008
 - Flam. Liq. 2 H225 Highly flammable liquid and vapor.
- Skin Irrit. 2 H315 Causes skin irritation.
- Skin Sens. 1 H317 May cause an allergic skin reaction.
- STOT SE 3 H335 May cause respiratory irritation.

STOT RE 2 H373 May cause damage to organs through prolonged or repeated exposure.

· 2.2 Label elements

· Labelling according to Regulation (EC) No 1272/2008

- The product is classified and labeled according to the CLP regulation.
- Hazard pictograms

GHS02 GHS07 GHS08

· Signal word Danger

· Hazard-determining components of labeling:

methyl methacrylate

- N,N-dimethyl-p-toluidine
- Hazard statements
- H225 Highly flammable liquid and vapor.
- H315 Causes skin irritation.
- H317 May cause an allergic skin reaction.
- H335 May cause respiratory irritation.
- H373 May cause damage to organs through prolonged or repeated exposure.

· Precautionary statements

- P210 Keep away from heat/sparks/open flames/hot surfaces. No smoking.
- P261 Avoid breathing dust/fume/gas/mist/vapors/spray
- P280 Wear protective gloves / eye protection / face protection.
- P314 Get medical advice/attention if you feel unwell.
- P403+P233 Store in a well-ventilated place. Keep container tightly closed.
 - P501 Dispose of contents/container in accordance with local/regional/national/international regulations.

• Additional information: For the wording of the listed hazard phrases refer to section 16.				

4: First-aid measures

· 4.1 Description of first aid measures

- · General information: Immediately remove any clothing soiled by the product.
- · After inhalation: Supply fresh air and to be sure call for a doctor.
- · After skin contact: Immediately wash with water and soap and rinse thoroughly.
- · After eve contact:

Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.

• After swallowing: Drink copious amounts of water and provide fresh air. Immediately call a doctor.

· 4.2 Most important symptoms and effects, both acute and delayed No further relevant information available.

· 4.3 Indication of any immediate medical attention and special treatment needed No further relevant information available.

5: Fire-fighting measures

- · 5.1 Extinguishing media
- · Suitable extinguishing agents:
- Foam
- Sand

CO2, extinguishing powder or water spray. Fight larger fire with alcohol resistant foam.

- · For safety reasons unsuitable extinguishing agents: Water with full jet
- 5.2 Special hazards arising from the substance or mixture
- Exothermic polymerization.

In case of fire, the following can be released:

Carbon monoxide and carbon dioxide

- 5.3 Advice for firefighters
- Protective equipment: Wear self-contained respiratory protective device.
- Additional information Cool endangered receptacles with water spray.

6: Accidental release measures

- 6.1 Personal precautions, protective equipment and emergency procedures
 Ensure adequate ventilation
 Wear protective clothing.
 Keep away from ignition sources
 Use respiratory protective device against the effects of fumes/dust/aerosol.
- 6.2 Environmental precautions: Do not allow to enter sewers/ surface or ground water.
- 6.3 Methods and material for containment and cleaning up:

Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Dispose contaminated material as waste according to item 13.

Ensure adequate ventilation.

Do not flush with water or aqueous cleansing agents

6.4 Reference to other sections
 See Section 7 for information on safe handling.
 See Section 8 for information on personal protection equipment.
 See Section 13 for disposal information.

7: Handling and storage

· 7.1 Precautions for safe handling Ensure good ventilation/exhaustion at the workplace.

· Information about protection against explosions and fires:

Keep ignition sources away - Do not smoke. Protect against electrostatic charges. Fumes can combine with air to form an explosive mixture.

· 7.2 Conditions for safe storage, including any incompatibilities

- · Storage:
- **Requirements to be met by storerooms and receptacles:** Store only in the original receptacle.

Store in cool, dry conditions in well sealed receptacles. Do not allow to enter sewers/ surface or ground water.

- · Information about storage in one common storage facility: Not required.
- Further information about storage conditions: Store receptacle in a well ventilated area. Protect from heat and direct sunlight.
- · Maximum storage temperature: 25 °C

· 7.3 Specific end use(s) No further relevant information available.

8: Exposure controls/personal protection

· Additional information about design of technical systems: No further data; see item 7.

- · 8.1 Control parameters
- · Components with limit values that require monitoring at the workplace:

80-62-6 methyl methacrylate

- PEL Long-term value: 410 mg/m³, 100 ppm
- REL |Long-term value: 410 mg/m³, 100 ppm

13: Disposal considerations

· 13.1 Waste treatment methods

· Recommendation:

Must be specially treated adhering to official regulations.

Must not be disposed of together with household garbage. Do not allow product to reach sewage system.

· Uncleaned packagings:

· Recommendation:

Packaging can be reused or recycled after cleaning.

- Packagings that cannot be cleansed are to be disposed of in the same manner as the product.
- Recommended cleansing agent: Acetone, ethylacetate
